

B2. Create a web page using HTML5/CSS3 to animate a truck movement. While truck moves forward direction towards mountains same time trees should move in the back ward direction. Output screen shot.

Background hills must be created using CSS only and for tree, truck and wheels download the images from the following URLs.

<https://s3-us-west-2.amazonaws.com/s.cdpn.io/130015/tree.svg>

<https://s3-us-west-2.amazonaws.com/s.cdpn.io/130015/truck.svg>

<https://s3-us-west-2.amazonaws.com/s.cdpn.io/130015/wheels.svg>

NOTE: Color of various elements can be changed in the 'fill' attribute in the source code of above downloaded svg files. [By default it is white and may not be visible on the screen with white background].
